men and sex

What the headline should read is "What Men Need to Know About Women and Sex." That's what this area covers, ladies and gentlemen. So, if you are a [woman wanting to know about men and sex](#), head over here.

Alright guys, they're gone now. Let's get down to the details.

When I originally started putting the site together, I read a lot of information about how men had a difficult time getting in touch with their feelings (and how women want men to be more intimate (in the way **they** want them to be intimate). Then there's sexual technique and sexual performance.

Since many women have a difficult time communicating exactly what they want from a man (and vice versa), especially when it comes to sex, I thought I'd speak up and lay it on the line.

[Here's what women want when it comes to sex and relationships](#) .
